√ "We are called to be strong companions and clear mirrors to one another, to seek those who reflect with compassion and a keen eye how we are doing, whether we seem centered or off course...we need the nourishing company of others to create the circle needed for growth, freedom and healing." Inspiration of the Week

Planning

from "Let's Talk" by Fred Roach

Our lives need order and direction. Developing planning capability within us will provide this great asset. Lack of plans brings chaos to any area you approach--business, family, or meeting team needs.

Begin early in life to establish plans. Plan--then execute. Even fail. It's a process that provides maturity. No one ever arrived unless she began.

You can tell a lot about a person, a school, a family or a business by how they plan. It makes sense to plan the most effective use of our time and resources. Good planning is important.

Learn how to plan. Always plan for success. Never give up!! Discipline yourself!! Change plans when it seems appropriate! Good planning can multiply your effort. The fun of seeing accomplished things for which you've planned will be rewarding.
